FROZEN JUST GOT COOLER!

SET SAIL WITH PACIFIC BAY

High quality seafood requires little fuss. Meticulously selected, we choose only the finest, freshest, and sustainable seafood for you to enjoy.

Serve restaurant quality seafood at home. We prepare fresh, frozen, and value added products to the most discerning foodies and home chefs.

Pacific Bay seafood products are quick frozen to seal in taste, nutrition and texture. We double pack all our products to lock in its freshness.

THAWING SUGGESTIONS

- Gradually thaw frozen food by letting it sit in the refrigerator.
- For quick thawing, seal it in a plastic bag and immerse in cold water.

SEAFOOD STORAGE

Always keep frozen seafood in the freezer. Never leave the items in a hot area unless packed in ice or in a cooler; seafood products must be kept cold to ensure peak quality. Thawed product must be consumed immediately.

FRESHNESS GUARANTEED

- Do not buy frozen seafood if package is in bad shape.
- Avoid packages with frost or ice crystals; it is a sign that the product is thawed or refrozen.
- All our products are sourced from farms that have been certified to an independent standard and checked by our own rigorous criteria.
